

MCA Certification Portal

Dear MCA Stakeholders,

As we continue preparing for the launch of the new MCA Certification Portal - a brief update!

As part of the final testing phase, we identified several opportunities to further refine the platform before launch. We have therefore taken a little more time to implement these enhancements to ensure a smooth and reliable experience for all users.

We now anticipate the temporary downtime of the current certification portal to take place towards the end of July 2026. We will communicate the confirmed migration and launch dates as soon as these are finalised, giving members sufficient notice to prepare.

How can you prepare?

- ✓ Download and save any certificates you wish to retain
- ✓ Company Administrators: Please continue to ensure that your representatives and teams are up to date with their certification requirements.

Thank you for your continued patience and support. We are excited to bring you an improved MCA Certification Portal and look forward to welcoming you to the new platform soon.

Kind regards,

MCA Team
